

Proper disposal method of general business waste (Japanese)  
 ※Please scan the QR code with smartphones, etc.

# To Business Owners Running Restaurants

For general waste (burnable refuse), please use the designated garbage bag for business waste.

※Make sure to write the name of the business (restaurant's name).

- For the collection and transport of general waste, please make a contract with a licensed company that is authorized to bring in waste to Nishinomiya City.
- For the introduction of licensed companies (available only in Japanese):**  
**Nishinomiya Kankyo Sapoto Kyodo Kumiai (phone; 0798-36-7806)**
- You cannot put out waste to household refuse garbage site.

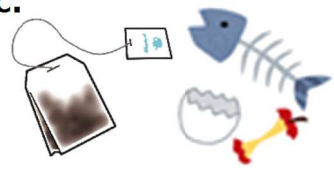

※Waste that is not put in the designated garbage bag for business waste will not be collected !

**【Inquiries about business waste】**  
 Nishinomiya City Hall, Business Waste Management Division, General Waste Management Team (Japanese only)

## ? What can you put into the designated garbage bag ? ?

**Food waste:** unsold food, leftover food, cooking scraps, etc.

**Paper waste:** dirty paper, paper which cannot be recycled, etc.

※As for used paper such as corrugated cardboard which is recyclable, please cooperate in sorting and recycling to reduce the amount of waste.

**Plants and trees:** wooden products, pruned branches, etc.
